

ASX Announcement

2<sup>nd</sup> July 2025

## **Janison secures CA ANZ contract renewal and inaugural commercial deployment of Janison AI**

**Janison Education Group Limited (ASX:JAN) (“Janison” or the “Company”)** is pleased to announce the renewal of its agreement with Chartered Accountants Australia and New Zealand (CA ANZ) for a further three-year term, valued at approximately \$2 million.

This extension reinforces a long-standing and trusted partnership, ensuring the continued delivery of high-stakes remote proctored assessments for the CA Program through to June 2028. The agreement is subject to standard termination provisions consistent with prior terms.

In addition to renewing the core agreement, Janison is proud to announce that CA ANZ has become the inaugural commercial customer for Janison’s new AI-powered item development platform, Jai. Jai supports CA ANZ’s content creation strategy, working alongside their teams to enhance capabilities through collaborative human-AI partnerships.

This milestone represents a key validation of Janison’s innovation roadmap, with Jai beginning to deliver on its promise of enhanced efficiencies in professional and education assessment development. It aligns with both organisations’ ambitions to embrace technology to improve quality, scalability, and learner outcomes.

**Sujata Stead, CEO of Janison, said:**

“CA ANZ has been a long-standing and valued partner. Their decision to extend our partnership and adopt our new AI platform underscores their forward-thinking approach and our shared commitment to innovation grounded in quality and integrity. This renewal is a clear signal to the market of Janison’s ability to meet the evolving needs of globally respected learning and assessment organisations.”

**Simon Hann, CA ANZ’s Group Executive of Education and Marketing said:**

“One of CA ANZ’s strategic ambitions is to use AI to enhance CA ANZ’s world leading educational program. Our partnership with Janison helps to propel us down the path of transforming learning and higher education in a way that is ethical, responsible and empowering for our CA candidates.”

This announcement aligns with Janison’s strategic focus on platform innovation and its role as a trusted partner in the digital assessment sector. With Jai’s commercialisation underway and further platform rollouts planned for FY26, the Company is well-positioned to expand its footprint in global learning and assessment markets.
