Update on NSW Selective High Schools and Opportunity Class testing

Janison Education Group Limited (ASX:JAN) (“**Janison**” or the “**Company**”), is today releasing an update regarding the postponed delivery of NSW Selective High Schools and Opportunity Class testing at three testing venues.

Large crowds at the Canterbury and Randwick venues during the Selective High School and Opportunity Class tests on Friday 2nd May led to concerns about student safety and wellbeing.

Following consultation with the NSW Department of Education, the remaining Selective High School and Opportunity Class tests scheduled at Canterbury, Randwick and Quaycentre (Olympic Park) on the 3rd and 4th of May were postponed.

The Department is advising parents and carers directly about revised testing arrangements.

Testing at the remaining 108 locations was delivered as planned.

We continue to work closely with the NSW Department of Education to deliver the rescheduled tests and to ensure a smooth, positive experience for all students.

A statement providing an update as outlined above has been published in the [Press and News](#) section of the Janison website.

The Company confirms that it is compliant with its continuous disclosure obligations under Chapter 3 of the ASX Listing Rules.
